Michigan Disclosure Regarding Real Estate Agency

Before you disclose confidential information to a real estate licensee regarding a real estate transaction, you should understand what type of agency relationship you have with that licensee. A real estate transaction is a transaction involving the sale or lease of any legal or equitable interest in real estate consisting of not less than 1 or not more than 4 residential dwelling units or consisting of a building site for a residential unit on either a lot as defined in section 102 of the Land Division Act, 1967 PA 288, MCL 560.102, or a condominium unit as defined in Section 4 of the Condominium Act, 1978 PA 59, MCL 559.104.

Michigan law requires real estate licensees who are acting as agents of sellers or buyers of real property to advise potential sellers or buyers with whom they work of the nature of their agency relationship.

Seller's Agent

A seller's agent, under a listing agreement with the seller, acts solely on behalf of the seller. A seller can authorize a seller's agent to work with subagents, buyers' agents, and/or transaction coordinators. A subagent is one who has agreed to work with the listing agent, and who, like the listing agent, acts solely on behalf of the seller. Sellers' agents and subagents will disclose to the seller known information about the buyer which may be used to the benefit of the seller.

Buyer's Agent

A buyer's agent, under a buyer's agency agreement with the buyer, acts solely on behalf of the buyer. Buyer's agents and subagents will disclose to the buyer known information about the seller which may be used to benefit the buyer.

Dual Agents

A real estate licensee can be the agent of both the seller and the buyer in a transaction, but only with the knowledge and informed consent, in writing, of both the seller and the buyer. In such a dual agency situation, the licensee will not be able to disclose all known information to either the seller or the buyer. The obligations of a dual agent are subject to any specific provisions set forth in any agreement between the dual agent, the seller, and the buyer.
